BSc (HONS) IN FINANCE

## Programme details

The programme consists of core (required) and elective modules. Some modules may have pre-requisites (i.e. may require the student to pass another module or set of modules first) while some modules may be co-requisite (i.e. such modules are required to be taken together).

The number at the end of the module in parenthesis indicates the credit load of the module. 1 credit is equal to 10 hours of learning (guided, in class and independent combined); therefore a 10-credit module requires on average 100 hours of learning from the student.
