

Botho University Fee Structure for Programmes in Campus Learning mode of study - Botswana

Most of Botho University programmes follow a credit-based tuition fee structure. Recently the university has introduced some programmes which have a flat fee structure. Every programme consists of modules worth a specific number of credits. The number of credits for any module is available on www.bothouniversity.com under each programme. 60 credits per semester is normal full-time load. A student who wishes to take more than 60 credits in a semester requires special permission from the Dean. The tuition fee for a module for credit-based programmes is thus obtained by multiplying the module credits by the fee per credit (for e.g.: - if the module is 10 credits the fees payable per module for an Undergraduate programme will be $10 \times 200 = P2000.00$). The tuition fee for a programme can thus be obtained by adding the fees for all the modules, calculated as explained earlier.

All Botho University Programmes (Except JMD and Engineering) - Campus Learning Mode only			
Semester	Credit	Fees / Credit (Botswana Pula)	Semester Fee (Botswana Pula)
1	60	420.00	25,200.00

6	Exam fee (CIMA) Please liaise with accounts department for each paper based exam fee.	
7.	Initial CIMA registration, re-registration and annual subscription fee- Please contact accounts department for amount	

1. Purpose of the Policy

The purpose of this policy is to set out to explain the tuition fee charging principles of the University and how tuition fees are calculated.

2. Scope

The policy is applicable to all students of Botho University. The payment of fees is the responsibility of the student and, in the event of a student's sponsoring authority (if any) failing to make payment, the student will be given a financial dropout status.

3. Definition of Terms

3.1 Tuition Fees- Annual amounts due to the University in respect of services provided.

3.2 Sponsor - Organisations that may provide funds for or contribute toward tuition fees. These may be government, parents, employers, and self-sponsored students.

4. Fee Calculations

Most of Botho University's programmes follow a credit-based tuition fee structure. Credit-Based-Every programme consists of one or more modules and each module is worth a specific number of credits. The tuition fee for the module is thus obtained by multiplying the number of credits by the fee per credit. Certain modules that require specialized equipment may have an additional surcharge. The tuition fee for a programme can thus be obtained by adding the fees for all the modules required to be successfully completed by a student to attain that qualification. Flat fee-Every programme covered under this structure will have the same semester fee of P26700 (non-Engineering) charged regardless of the number of credits per semester. Engineering programmes are charged a flat fee of P36000. Retake fees may be covered in the flat fee if the conditions in sections 3 and 4 of the Flat fee policy are met.

5. Tuition Fees

5.1 All fees are payable by the end of the month in which the semester starts. See 5.3 for payment plans.

5.2 Botho University reserves the right to change the fee structure as and when required. All of the above fees are subject to a minimal increase of 10% every year.

5.3 For students sponsored by any organization, a letter of undertaking or sponsorship letter from that organization is required to confirm his enrolment. For students paying using a payment plan, from the

first day of the semester opening month until the last day of the same month. The payment plan is for the first 3 months of the semester (Inclusive of the opening month)

5.4 The first instalment of the payment plan is due on the first day of the semester opening month, however, payment can be done up to the last day of the opening month.

5.5 All subsequent instalments are due on the first day of the month following the commencement of the semester.

5.6 For students sponsored by organisations, payment is due within 14 days from the date of invoice.

5.7 Any delays in payment will attract an interest of 2% per month for all students.

5.8 A student with any outstanding fees will lead to him/her being termed as a fee defaulter. He/she will thus not be allowed to register for the semester, access the learning platform/materials, be prevented from taking any assessments or be dropped out from the University itself.

5.9 A student who drops out after the commencement of the semester with or without notice will be liable for the entire semester fee.

5.10 Students wishing to take a break should formally apply in writing to the Assessments and Registry Manager. The maximum permissible period cannot exceed 12 months. On the expiry of this period, the student will have to enroll as a new student.

5.11 A student wishing to terminate their studies should formally apply in writing to the Assessments and Registry manager, who will issue an internal approval letter. In the case of an external agency sponsorship, an approval letter for the sponsor will also be required.

6. Refunds & Terminations

6.1 All Administrative fees are non-refundable.

6.2 All approved refund requests will be charged a fund fee -refer to other fee table line 4.

6.3 For programmes where external partners may be involved, a refund of fees will not be possible.

6.4 Tuition fees will only be refundable if the refund.

the request is received at least 96 hours after the given module or programme and if the student has not collected any study material from the institution. Refunds are subject to a refund fee. The student seeking a refund should apply in writing to the Office of Financial Management (OFM). A written response to the application will be provided within three (3) working days. If the University cancels or changes the scheduled start of classes, no refund fee will be charged. Examinations fees paid are non-refundable.
